The SRSS & Ownership iPad Program for Grades Prep to Year 2

Students in Prep to Year 2 are provided with access to personalised iPads in class to complete a range of learning activities and tasks as part of the curriculum offerings at Cranbrook State School. From 2024, we are offering iPads as an optional element as part of the Student Resource and Stationery Scheme as well as an option to purchase the iPad if a student leaves Cranbrook State School before Year 2 and at the end of Year 2.

iPads used in this program have been set up for each individual student and are not to be used by others. The iPads are the property of the Queensland Department of Education and Training (DET). In order to maintain the security of the department's network and individual devices, the devices are managed through DEP (Device Enrolment Program) and MDM (Mobile Device Management). This allows the school to remotely manage and control operating parameters of these devices and track devices in the event they become lost or stolen. It also allows us to deploy specific learning applications and programs to student devices as well as personalised learning resources.

If you choose to participate in the optional iPad element as part of the Student Resource and Stationery Scheme program, you agree to pay an annual cost as part of the Student Resource and Stationery Scheme. This fee equates to \$375 over the life of the program (Prep to Year 2). This allows parents, to have their child access their own personal iPad for their time enrolled in Prep to Year 2 at Cranbrook State School, that will remain at school until the end of the program. The final pay-out payment at the end of the program remains the same. At the end of Year 2, students that have participated in the program for the full 3 years will have the opportunity to purchase an iPad for \$25. If they choose this option, the iPad will be factory reset and given to students on their final days of Year 2 to keep. This allows parents to access a brand new device to own for a total cost of \$400 compared to the RRP of \$650. See the table below for costs and payout figures:

Standard Participation

	Commence in Prep	Commence in Year 1 or 2 years use	Commence in Year 2 or 1 years use
Payment per year	\$125	\$125	\$125
Total paid by end of year 2	\$375	\$250	\$125
Cost to purchase at end of year 2	\$25 + GST	\$150 + GST	\$275 + GST

Financial Hardship Participation (*Family Tax Benefit Part B or Healthcare Concession Card holders*)

	Commence in Prep	Commence in Year 1 or 2 years use	Commence in Year 2 or 1 years use
Payment per year	\$100	\$100	\$100
Total paid by end of year 2	\$300	\$200	\$100
Cost to purchase at end of year 2	\$25 + GST	\$125 + GST	\$225 + GST

PLEASE NOTE: that some students who join the scheme during the three-year period may receive an iPad that is NOT new. The payout figure will be adjusted to the age of the device e.g., a two-year-old device will attract the 2-year use payout figure.

What happens if I commence the program after Term one?

If you commence enrolment in the program after Term one, a pro-rata amount will be calculated for individual circumstances.

Lost/Damaged Devices:

As devices are not allowed to be taken home, prior to the final purchase payment being made, all losses and damages are covered by the school prior to students owning the device and taking it home. Wilful damage by the student however, will be invoiced directly to the parents after repairs/replacement have been completed.

Misuse

Misuse of personal iPads is dealt with according to the Cranbrook State School Code of Conduct.

Misuse includes, but is not limited to:

- Using the iPad to access inappropriate websites / use apps in inappropriate ways.
- Using the iPad for activities that hurt or harm others.
- Using the iPad for things that are not related to school-based activities.
- Using the iPad to access ANY social media channels that are not managed by the department.

Equity:

An equity system will be available by application for students of families that are suffering proven financial hardship, which will allow parents to pay a lower annual fee to access the Student Resource and Stationery Scheme.

Ceasing enrolment or early departure from the school

In the event that you choose to participate in the optional element as part of the Student Resource and Stationery Scheme, but later enrol at another primary school or cease your enrolment at Cranbrook State School prior to completion of Year 2, you are entitled to receive a refund for any annual fees paid in advance. There is an option to purchase or make a gap payment to own the device outright on departure if you are leaving the school before completing Year 2.

The process for Payout Option

Parents will be offered the opportunity to 'buy out' their iPad for the balances listed above (or a pro-rata amount). To facilitate this, the devices may be collected in the last two weeks of school for restoring to factory condition. This restores the iPad to an original condition and any APPS previously supplied by the school are not included. Parents can then setup their own apple account on the device.

The Package

The equipment, referred to in this agreement, consists of an iPad; screen protector, protective case, and a suite of applications (APPS) that will be deployed to the iPad for the duration of the iPad SRSS usage.

Acceptable Internet Use

Upon enrolment in a Queensland Government school, parental or guardian permission is sought to give the student(s) access to the internet, based upon the policy contained within [Information and Communication Technology \(ICT\) Procedure](#).
